## May

Mrs. Deirdre Creegan

Welcome to May! This upcoming month, students will continue practicing sight words and sounding out words using rhyming words, begin to write words, and practice writing sentences. Each week, new sight words will be sent home. Please be sure to practice these as well as the previous sight words! Feel free to play sight word games and activities with these flash cards. Student will practice adding and subtracting, writing uppercase and lowercase letters, and reviewing their learning.

We will be learning about plant life cycles through planting our own seeds and the butterfly lifecycle through hosting our own butterfly habitat! At the end of the month, we will also be taking a field trip to Huble Homestead with the Grade 1s. Please fill out the permission form by **May 16<sup>th</sup>**. Parent volunteers are needed! If you are available, please check off the section on the permission form.

**Parent Volunteers are again allowed in the classroom. Please email me if you would like to volunteer.**

### OUR FOCUS

#### THEME OF THE MONTH

Plant and Butterfly life cycles

#### CORE COMPETENCY

I can get new ideas or build on or combine other people's ideas to create new things within the constraints of a form, a problem, or materials.

#### FIRST PEOPLES PRINCIPLE OF LEARNING

Learning involves recognizing that some knowledge is sacred and only shared with permission and/or in certain situations

#### CATHOLIC WORLDVIEW

Mary is our perfect mother who helps us and prays for us. The Holy Spirit and Mary are with us always.
