September 1, 2023

All eight CISPG Schools initiated a local School Committee and together, completed the 9-page School Physical Accessibility Audit Checklist in June 2023. Priorities for the physical plan were identified to share with staff in Term 1 of 2023-24 and there will be plans to reconvene a school-based Accessibility Committee as per the Ministry's guidelines and have an initial meeting by Oct. 30, 2023.

Some highlights of priorities in schools for 2023-24 include signage for accessible parking, development of sensory rooms, updated door handles, access by suitable ramps, and even an inclusive/accessible playground.

For more information regarding the Accessibility Plan, please contact:

Mrs. Kathleen Barth
Principal
