Principal's Message

Flowers are beginning to bloom, trees are budding, the weather is slowly warming up... spring is finally here!

We thank you for your continued support, kind and encouraging words for our staff and the constant feedback, which has helped guide our distant teaching. Please continue to reach out to your child (ren)'s classroom teacher or myself with any questions or concerns.

Despite all the uncertainty that lies ahead, we are hopeful for September and we continue to plan for the new school year! Families will receive information over the next few weeks.

We have included an Online Learning tab on our website that will link to teacher's weekly overviews. We also have other useful links and websites there! We will continue to keep this updated for families!

As we begin this month of May, we honour Mary in a very special way and celebrate her commitment to God. Mary placed her trust in God and emphatically said yes to Him!

Happy Mother's Day to all our mothers... we celebrate each and every one of you!

Have a blessed month!

Student Contact

From the Ministry of Education

Regular student contact must be maintained at a minimum of once per week. Teachers will be documenting contact, as mandated by the Ministry of Education, so that we can ensure that students' needs are being met. If teachers have not been able to make contact, this will be reported to administration.
