

# GRADE 4 NEWS

May 2023

MS. O'BRIEN

Dear Parents

Welcome to the May and the last couple of months.

Here are a couple of things we are working on in Grade 4 this month.

**BARKERVILLE.** Mr. O'Callaghan and I are continuing to plan for our Barkerville field trip using parent drivers. The trip again will be on June 26, 2023. We are working on costs and details at the moment but information should come out shortly. We do need anyone offering willing and able to transport students to make sure they have a criminal record check and driver's abstract on file. Information about this can be obtained at the office. It does not take long but will need to be completed by June 16, 2023.

**MATH.** In math this month we will be continuing with fractions and moving on to include decimal numbers (to thousandths). We will continue to work on our math fact fluency with multiplication and division. Please keep working on memorizing timetables at home regularly.

## In Class:

**MATH** – fractions and decimals

**SCIENCE** – energy

**LITERACY** – various reading and writing activities to do with our read aloud novel *Harry Potter*.

**RELIGION** – the Easter Season, Pentecost

Sincerely,

Kate O'Brien
