Earth Day

We will celebrate Earth Day on April 22nd. The day aims to raise awareness about climate change and global warming. The theme for Earth Day this year is "Our Power, Our Planet."

Ways you reduce your carbon footprint at home and throughout the year are:

- Reduce, reuse, and recycle. Cut down on what you throw away
- Volunteer for cleanup in your community
- Use refillable items

We are challenging each student to take part in "litter-less lunch" this involves bringing lunch items in reusable containers to promote sustainability and to reduce the amount of waste in the school. This
