

# GRADE 4 NEWS

April 2026

Ms. O'Brien

Dear Parents

Welcome to April and our final term! Hopefully you all had an enjoyable break. Here are a couple of things we are working on in Grade 4 this month.

**HARRY POTTER.** We are continuing our *Harry Potter* read aloud and will be finished this unit at the end of the month. We are working on various assignments related to the book and will end with a *Harry Potter* Day where we will watch the movie. On that day, students can dress up as a character from the book or wear Hogwarts house colours, and bring in snacks to share. Right now, we are planning for the end of April.

**MATH.** In math this month we will be learning about fractions. We will continue to work on our multiplication and division fact fluency. Please keep working on memorizing timetables at home regularly. Fractions involve a lot of multiplication and division.

**SHOWCASE OF LEARNING.** New for us this year, replacing Student Led Conferences, is a “**Showcase of Learning**” on **Thursday, April 23<sup>rd</sup> from 6:00 pm – 7:30 pm.** On this evening, families are invited to come to the classroom where students can share their learning in a more informal setting. There is no scheduled meeting time with the teacher and families can come and go as they please during that time.

If you have any questions, please do not hesitate to contact me at [kobrien@cispg.ca](mailto:kobrien@cispg.ca).

## IN CLASS

**READING STRATEGY** – transforming ideas

**WRITING** – revision process, write an interview

**MATH** – Fractions and decimals

**SCIENCE** – energy and energy transformations

**RELIGION** – Holy Week, Easter, and Resurrection Stories

Sincerely,

Kate O'Brien
