Message

At this point in the year, students are expected to be consistently completing their work on time and to the best of their ability.

I have been reminding the class of these expectations, and we are working on staying focused and using class time effectively. **If students are not meeting these expectations**, there may be consequences, which could include missing out on certain activities or not going on field trips. My goal is for all students to be able to fully participate in and enjoy these upcoming events, and your support at home in reinforcing these expectations makes a big difference.

Thank you for your continued support in helping us make the end of the year both productive and enjoyable for everyone.
