October

What are we studying?

Writing: We are working on tracing skills and on being able to print our name. We are also working on tracing the letters of the alphabet, uppercase and lowercase.

Reading/ Phonics: We are learning how to participate and understand while listening, viewing and reading stories altogether. We are working on name recognition. We will finish our alphabet letter/sound introduction and recognition with the program Sunform, and will start working on explicit phonetic instructions with the program Ufly.

Math: We worked on number recognition 1-10 and are now learning about patterns and working on the BC curriculum Big Idea that repeating elements in patterns can be identified.

Science: We are learning about daily and seasonal changes and how they affect all living things. This is the Big Idea of the BC curriculum which we will be working on for our first term.

Social: We are learning how rights, roles, and responsibilities shape our identity and help us build healthy relationships with others. This is the Big Idea of the BC curriculum which we will be working on for our first term.

Health and Career: Safety in the school and classroom/ Doing our best at school

Religion: We are working on the Big Ideas that God is love, that we all belong to his family, and that we listen and respond to God.

Theme of the month: Belonging to a classroom community and how to make sure we are doing our best in class/ Fall

Homework:

- All About Me posters presentations are on right now. Your child's turn to present was or will be on the day they are the Special Person (check our monthly calendar)
- Read with your child whenever you find the time. It is the most beneficial homework activity you can do with them ☺
- Religion Duotangs come home on Fridays so you can read the pages of the week with your child at some point in your weekend, and they come back to school on Mondays.
