

June 15-19, 2020

Kindergarten

Weekly Newsletter

This week we are going to review a lot of the material we have already covered this year to prepare for Grade 1. I did not include Science or Social Studies this week because we are going to be working through more literacy and mathematics.

Core Curriculum

- Make exploratory observations using their sense.
- Demonstrate curiosity and a sense of wonder about the world.
- Develop, demonstrate and apply mathematical understanding through play, inquiry and problem solving.

Important Dates and Class Meetings on Zoom

Monday: 9:00-9:40

Tuesday 9:00-9:40 Show and Tell

**Wednesday 9:00-9:40 Bring
Gratefulness Picture to share**

Friday 9:00-9:40 Directed Art Lesson

Show and Tell: Any letter

Claire C, Lydia, Declan, Ben,
Jackson

Core Competencies: (Communicating, Thinking, Personal and Social)

- Students communicate in order to collaborate.
- Students communicate in order to share and build on another's creative ideas.
- Students use critical thinking to generate new ideas to solve problems and constraints that arise as they design and develop.
- Students identify their personal strengths and abilities to self advocate effectively.
