

GRADE 4 NEWS

April 2024

MS. O'BRIEN

Dear Parents

Welcome to April and our final term!

Here are a couple of things we are working on in Grade 4 this month.

HARRY POTTER. We are finishing our Harry Potter read aloud. We will be working on a book project that is due Friday, April 19th, 2024. There are a variety of project options choices to do independently or with a partner. They can have help at home, but most of the work is expected to be completed at school. On the project due date, Friday, April 19, we will share our projects and have a Harry Potter day where students can dress up as a character from the book, we will watch the movie in class and share snacks. This should be a fun day! If you have any questions about the project, please let me know.

MATH. In math this month we will be learning about fractions. We will continue to work on our math fact fluency with multiplication and division. Please keep working on memorizing timetables at home regularly.
